We're back!

Volume 4 is finally here.
I'm not sure how long it'll be until we do volume 5.
So remember, join our server for the fastest updates.

Big thanks to **Doni69** for stepping up to check the translation,
this was the most convenient volume to edit so far thanks to him.

Our server is getting pretty hectic, we just started translating **JOJOLands** the other day, so that got us a **HUGE** influx of new users.
Feels very strange, I'm so used to our quiet little delinquent + romance corner.

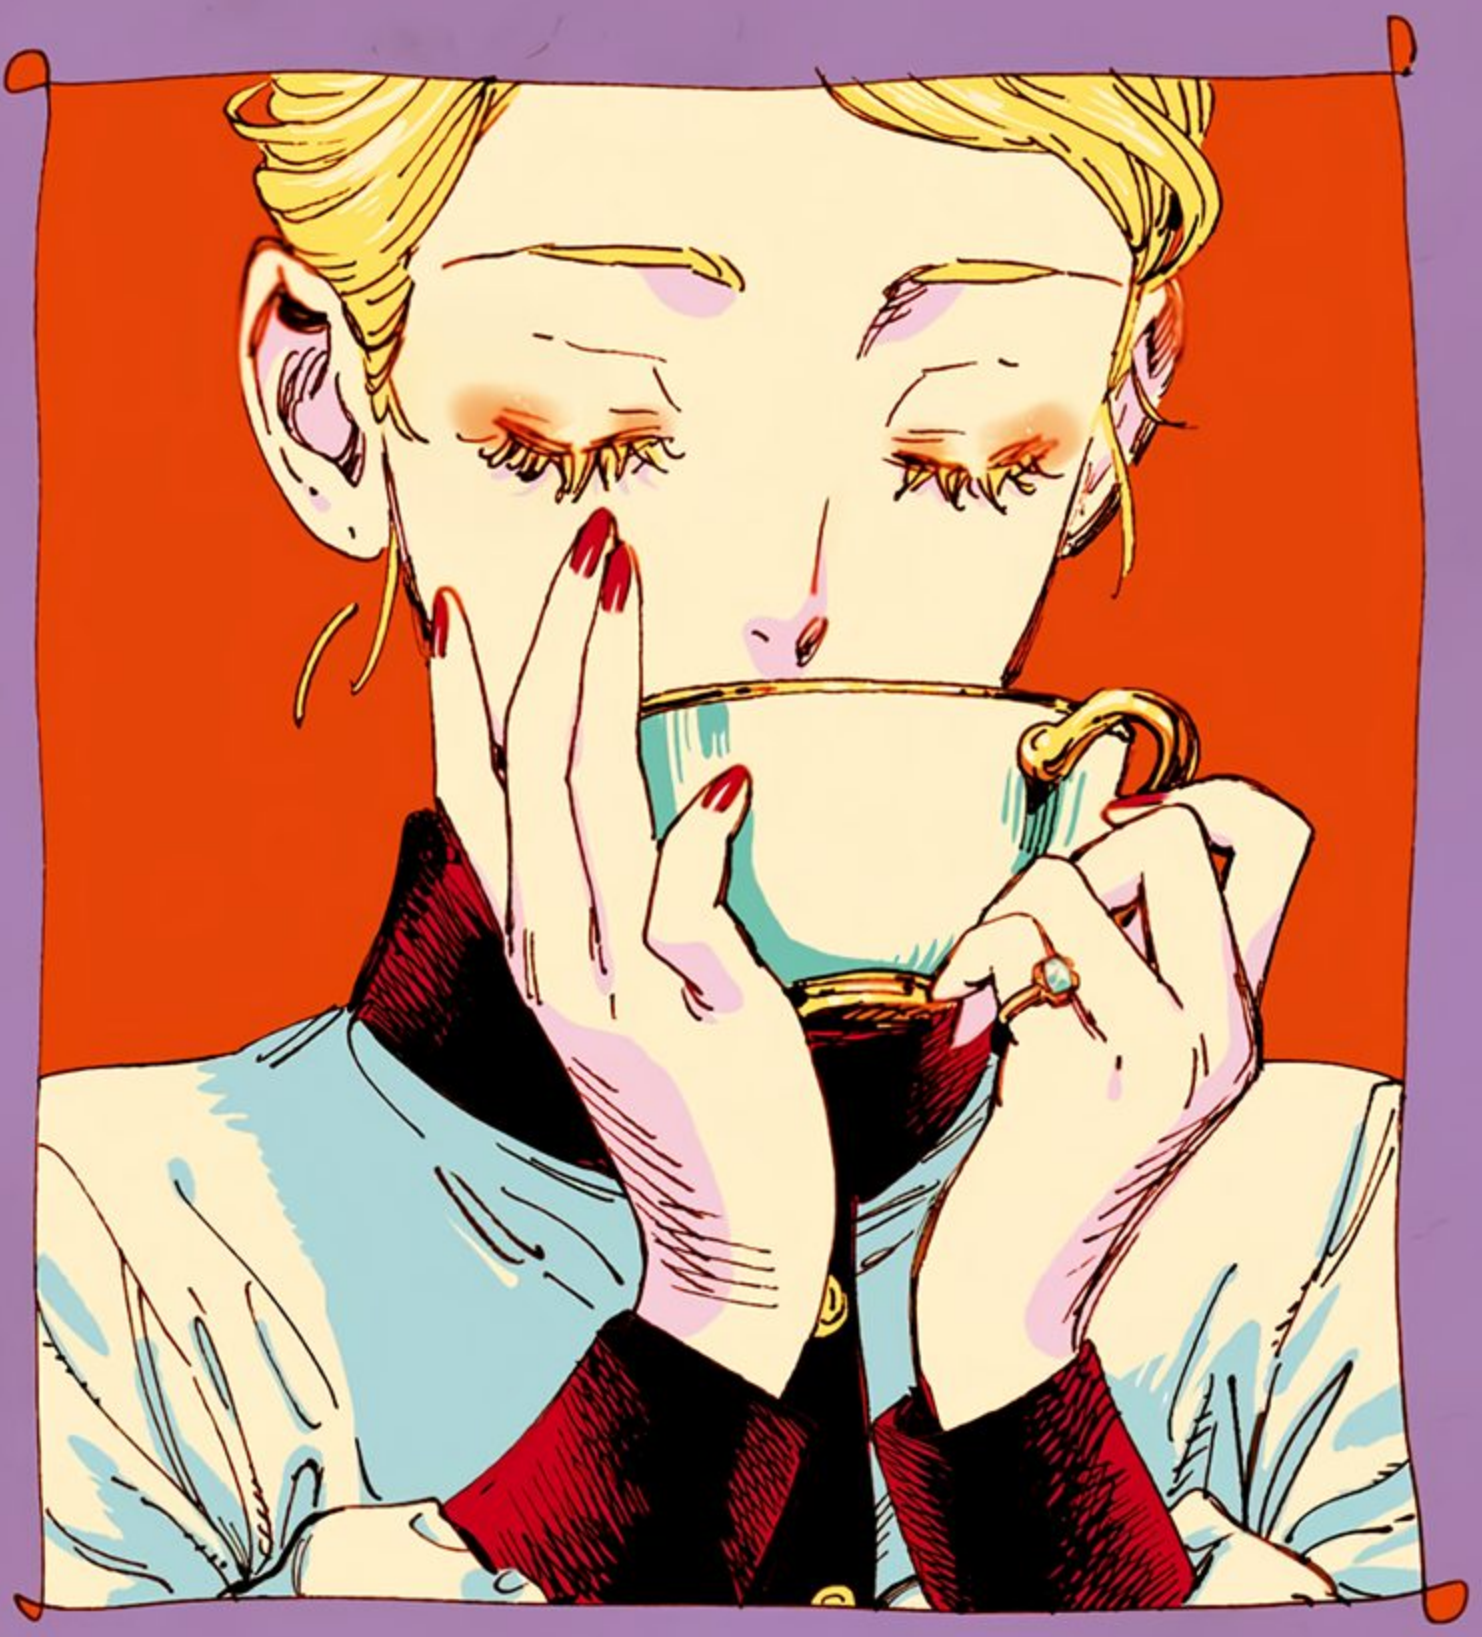
SCENE. 37



Her hands

Hellooo?

Sorry, I wasn't listening.

You were saying?

It appears your ears are a little distracted today...

Yes?

Hm?!

Your hands.

Ah...

I am wondering what could be so distracting...

...that you couldn't hear my voice anymore.

...was entirely without fault.

Their arrangement on the cup...

Yes... The two of them.

My hands?

I was looking at how they handled the cup.

They were like the petals of a flower going into bloom...

So you're saying my hands look like flowers?

Ah...

Indeed.

I'm coming.

Hey, the chief wants to see you.

...I've heard them described that way.

It... It's the first time...

It's the first time I've used such words too.

...

I know you're always looking at me, you know.

Don't hide them...

Aww...

Hmpf!

But...

What can I do?

What do I do?

Oh no!

We'll talk about it when I get back.

Well...

Hmm...

My hands... What flower did they look like?
